

Statistics on financial transaction reports received by the SFMS during the first quarter of 2019

During the first quarter of 2019, the SFMS received and processed 2 563 585 reports on financial transactions subject to financial monitoring.

It should be noted that during the first quarter of 2019, the number of reports received by the SFMS on financial transactions increased by 18.71% compared to the same period of the last year.

The most active in the reporting system, in the context of reporting entities, are banks that send a majority part of reports subject to financial monitoring.

During the first quarter of 2019, banks received 99.03% of the total amount of financial transaction reports.

Also, it should be noted that the share of the errors in the reports is only 0.07% of the total amount of the reports on financial transaction received by the SFMS for the first quarter of 2019.

Thus, the percentage of the reports on financial transactions submitted correctly by the reporting entities to the SFMS, makes up to 99.93% of the total number of reports.
